SEC. BRYAN ABSENT IN NEW YORK

But Will Have Gov. Johnson's Decision Ready for the Cabinet

AT TOMORROW'S SESSION

Japanese Ambassador Unofficially Notified of California Governor's Intention—Awaiting Instructions.

[Associated Press Telegram]
Washington, May 15.—President Wilson has arranged to confer with Secretary Bryan early tomorrow before the cabinet meeting to draft a reply to the formal protest by Japan against the California anti-alien land bill which Governor Johnson has announced he will sign.
The note will be submitted to the cabinet and then delivered to the Japanese ambassador. Indications are that the attitude of the federal government toward the legislation itself as well as questions of discrimination raised by Japan will be fully decided.

[Associated Press Telegram]
Tokio, May 15.—The foreign office is optimistic as to the outcome of the controversy over the California alien land ownership legislation. In reply to an inquiry this morning a high official said:
"The negotiations between Japan and the United States are progressing satisfactorily. We expect to reach a friendly and permanent solution of the difficulty."

[Associated Press Telegram]
Washington, May 15.—Governor Johnson's decision to sign the California anti-alien land bill despite Japan's protest, was unofficially communicated today to Viscount Chinda, the Japanese ambassador as a matter of information, with the understanding that Secretary Bryan may later present Governor Johnson's answer officially with such comment as he may wish to make in behalf of the federal government.

Mr. Bryan is in New York and in his absence the subject will be considered by Counsellor Moore to have it ready for the secretary to lay before the cabinet at tomorrow's session, when an effort may be made to reach a final determination on the line of policy for the negotiations with Japan.
When the ambassador has received Secretary Bryan's formal communication it will be necessary for him to communicate it to the foreign office at Tokyo and receive instructions for preparing a rejoinder, so that probably a week will elapse before the negotiations can move another step.

Interest has been excited by Governor Johnson's quotation of that part of the California law which appears to limit his action so far as it recognizes Japanese rights to the existing treaty of 1911, and there is some speculation as to whether that was intended to foreshadow a refusal on the part of the California authorities to be bound by the stipulations of any treaty that may hereafter be negotiated between the United States and Japan that would appear to be in conflict with the provisions of the new law.

Officials here fail to discover any point not suggested to Secretary Bryan when he was in Sacramento, with the probable exception of reference to the fact that the present state constitution in terms sanctions and even requires the enactment of such legislation as the Webb act.
The fact that though announcing his intention to sign the act Governor Johnson has not actually affixed his signature is regarded here as an act of courtesy, intended to hold the door open to a last word from the administration if it should desire to communicate further with him before the final act of approval.

International Convention of Y. M. C. A. Opened Today At Cincinnati Music Hall

[Associated Press Telegram]
Cincinnati, May 15.—Delegates from all parts of the world were present today when the thirty-eighth international convention of the Y. M. C. A. of North America was opened in Music Hall. During the four days' session of the convention prominent workers of the Y. M. C. A. will deliver addresses.
The opening day's session was devoted to welcoming addresses and the appointment of committees. One of the reports submitted today was that of the commission of fifteen appointed to consider the evangelistic test. Dr. W. Douglas Mackenzie of Hartford, Conn., presented his report.
Many sight seeing trips for the pleasure of the delegates had been prepared but some of these had to be abandoned on account of the street car strike.

Marking of Old Santa Fe Trail by D. A. R. Will Be Completed Within 3 Days

[Associated Press Telegram]
Kansas City, Mo., May 15.—Marking of some of the last portions of the old Santa Fe trail will be completed within three days by a motor party which under the direction of the Kansas City chapter of the D. A. R. started from here today to place the markers on that portion of the historic route lying between Kansas City and Old Franklin, Mo. Only the Missouri end

of the route, which stretches from Old Franklin to Santa Fe, N. M., remains to be covered. The schedule of the trip called for the dedication of 26 markers. At New Franklin, Saturday elaborate ceremonies are to be held in connection with the unveiling of the monument at the entrance of the Santa Fe trail. The first marker to be dedicated is at New Santa Fe, ten miles south of Kansas City.

ACTIVITY AT B. & O. SHOPS MEN NEEDED

Half a hundred more workmen are needed at the B. & O. shops in Newark, according to an official announcement made Thursday. The company has advertised for twenty-five car repairmen at nineteen cents per hour, and for a number of laborers for roundhouse and erecting shop work, at seventeen and one-half cents per hour, with a chance of advancement.

It was intimated Thursday that the increase to the local force may be permanent.
Additional help is necessitated here, say officials, by the increase in bad-order cars which must be repaired. Many of these have been sent in for rebuilding on account of the Ohio floods, and for the same reason more men are needed on this division, especially since Zanesville shops are not yet in commission and there is no indication as to how soon they will be in operation.

DEPUTIES STONED AND BEATEN BY THE STRIKERS

[Associated Press Telegram]
Wharton, N. J., May 15.—After a 48 hours reign of terror in the mountains around the Mount Hope mine of the Empire Iron and Steel company, Sheriff Gillen appealed today to Governor Fieger for troops. With fifty deputies, stoned, beaten and cowed by mobs of striking laborers, the sheriff was expecting a detachment of the National Guard to reach here late this afternoon or tonight. The little railroad that links the mine with the rest of the world was dynamited for the fourth time last night. Two bridges have been blown up, great gaps hundreds of feet long have been torn in the road, and one locomotive and a coach have been reduced to scrap by a mob of 1000 men and women who used 22 pounds of explosives in doing so.

TO INVESTIGATE ALLEGED GRAFT AT GALLIPOLIS

[Associated Press Telegram]
Gallipolis, O., May 15.—Alleged graft on the part of certain county officials is being investigated by John A. Bliss, of the state bureau of accounting, who arrived here from Columbus today. The charges were filed by Prosecuting Attorney Harman, but their exact nature has not been made public. Bliss conducted the investigation into affairs in Darke county which resulted in sensational exposures and several convictions of prominent men.

MADISON TP. WILL VOTE ON SCHOOL BONDS

Madison township will take a progressive step this month when the voters there will be called upon to decide on a proposition to issue bonds in the sum of \$8,000 for the purpose of erecting a new four-room school building to accommodate the younger generation seeking the common school education provided by the township.
At a meeting of the school board of Madison township held Wednesday, the board members adopted a resolution declaring it necessary to construct the building and also to issue the bonds for the purpose.
The resolution names May 31 as the bond election day and has so notified the deputy state supervisors of elections. The election board will provide the ballots and supplies for the election.

RANSACKED SAFE OF \$10,000 WORTH OF PRECIOUS STONES

[Associated Press Telegram]
New York, May 15.—Two masked burglars bound and gagged Henry Bartle, night watchman at a Maiden Lane skyscraper in the heart of the wholesale diamond district early today, locked him in a vacant room and leisurely looted the safe of Sigmund Kohn, a diamond setter, with offices on the floor above of \$10,000 in gems. They escaped with their booty. Bartle broke from his bonds an hour later and gave the alarm.

Bartle told the police that the two men leaped out of the shadows of the first floor, bore him to the floor and throttled him so he could not make an outcry. They gagged him with handkerchiefs and bound him with ropes, he said. Leaving him, they used a diamond pointed cutter to remove the glass from Kohn's door.

BACKHUS ON STAND IN THE STATE PROBE

[Associated Press Telegram]
Columbus, O., May 15.—Henry W. Backhus, former secretary treasurer of the Columbus Savings and Trust company, who is under indictment, charged with having altered and destroyed records of the bank and who gave state attorneys information which resulted in the indictment of former State Treasurer B. R. Cameron and Cyrus Huling, former president of the bank, today deserted the state's attorneys during the investigation of the defunct bank, while testifying in his own behalf.

Backhus asserted that his actions in making a night visit to the bank and destroying various records, together with the crude mutilation of the books, to which he testified, was solely in the interest of the depositors of the bank, and that it was done with the one idea of saving the already tottering concern from wreckage.

"I had the interests of the depositors in mind, and the books alone," he testified.
"I didn't want you fellows, (meaning state attorneys) to file a fool suit against this bank for a ridiculous amount, like you filed against the state treasurers."
"Do you maintain that the amount which the state is seeking to recover from this bank from illegal interest earnings is a ridiculous amount," asked States Attorney McCoy.
"Certainly," replied Backhus, "and I believe that you believe it also."
"I would advise you not to ask me what I think about anything connected with this bank," commented McCoy.

WANT CAR STEPS LOWERED.

[Associated Press Telegram]
Youngstown, O., May 15.—The Woman's Club league of this city has petitioned council to pass legislation compelling steps on trolley cars to be lowered within eight inches of the street. It is claimed the present steps are too high and women are embarrassed every time they board or leave the car. The company will maintain that the present tight skirt is to blame and not the car steps.

RED CROSS WILL COMPLETE WORK IN OHIO NEXT MONTH

[Associated Press Telegram]
Columbus, May 15.—Relief work for the flood sufferers of Ohio and adjoining states will be completed by the Red Cross some time next month, according to Ernest B. Bicknell, national director, who has been in charge of the work. Local relief committees, to be appointed subject to the approval of the Ohio flood relief commission, will complete pending relief and rehabilitation work after the Red Cross completes its labors.
Director Bicknell today went to Dayton to confer with the local relief committee there. Before leaving, he appointed Dr. Lee Humphrey and Frank Beckwith of Malta, a special committee to take charge of relief work in towns in the vicinity of Zanesville.
Joseph R. Kraus of Cleveland, representing the Ohio Bankers association, who was in Washington arranging with the national treasurer for deposits of government funds in banks in flood districts, reported at the governor's office today that when he notified Dayton banks that they could have deposits of upwards of a half million of dollars he was informed that the money was not needed. This, he said, indicated that banks in that city are in good condition.

EMPLOYEES RECEIVE AN INCREASE

Men Who Remained Loyal to Cincinnati Traction Co. Get Raise

CARS OPERATED TODAY

In the Residential District Guarded by Patrolmen—Call Issued for Men of the Various Departments to Meet Tonight.

[Associated Press Telegram]
Cincinnati, May 15.—Full service on the Avondale line, over which twelve cars were operated this morning, marked the chief development in the strike of the employees of the Cincinnati Traction company here today. All cars carried from four to eight patrolmen and at intervals of every six blocks automobile patrols were kept moving along the line of operation.

Absolutely no disorder marked the resumption of this service and attempts to operate on other lines in the city will be made gradually. The line operated today runs through the city's chief residential portion and it is believed that no trouble will be experienced until an attempt is made to operate cars through the manufacturing section.

The traction officials refused to state today whether or not they would attempt to operate their cars after dark. The company announced today that an increase in wages to all men who had remained loyal to the company had been made but did not state the amount of the raise.

With both sides firm in their statements that they have the strike won, officials of the traction company made preparations for the opening of several street car lines. As on yesterday when three cars were operated on the Avondale line, the police were asked to furnish sufficient guards to protect the cars.

In an effort to further unionize the employees of the street car company, a call has been issued for a meeting tonight of its engineers, firemen, oilers, electricians and linemen. The men are still at work.

[Associated Press Telegram]
Columbus, May 15.—Clothed with a mysterious mission which presumably was not accomplished because Governor Cox had not returned to the city, William Steigler, secretary to Mayor Hunt of Cincinnati, spent practically all of yesterday and a part of last night in the city. The mayor's secretary spent most of yesterday at the governor's office and at other departments of the state capital building. He managed, however, to keep his presence here a secret from the newspapers until late last evening, and he refused to make known the details of his visit here at this time.

IMPORTING BEEF FROM AUSTRALIA

[Associated Press Telegram]
San Francisco, Calif., May 15.—Four hundred thousand pounds of frozen Australian beef and mutton—the first shipment of its kind to the Pacific coast—were landed here today from the steamer Tahiti. The meat was sold in Australia with the understanding that only a nominal profit should be made here. If the agreement is violated, Australia will ship direct, eliminating the middleman's profit and assuming all the risk.

An immediate fall in prices is expected. California and the Pacific coast states eat meat raised west of the Rocky mountains and comparative tables show that the average of prices is higher here than in Chicago. In an effort towards education, independent dealers arranged for the Australian shipment.
The Union Steamship company is so certain that the trade will be permanent that it has placed orders for four refrigerator ships, to be used exclusively on the Australian-San Francisco run.

KILLS THREE PEOPLE AND SUICIDES IN SIGHT OF 2,000

[Associated Press Telegram]
Fort Worth, Texas, May 15.—Three men were shot and killed here this afternoon. The slayer committed suicide in sight of 2,000 people.

Pat Quinlin, Leader of the Industrial Workers of the World, Faces Pen Sentence

[Associated Press Telegram]
Paterson, N. J., May 15.—Relations between the city and county authorities and the striking silk mill workers strained at all times since the start of the strike two months ago, were made more acute today by reason of the conviction of Patrick Quinlin, industrial Workers of the World leader, found guilty yesterday of inciting riot. He will be sentenced probably tomorrow and faces a maximum penalty of seven years in prison and a fine of \$2,000. He is perhaps the most

conspicuous leader of the Industrial Workers of the World ever convicted of an offense of this character.
Four other leaders of the organization are yet to be tried for inciting riot. They are Big "Bill" Haywood, Elizabeth Gurley Flynn, Carrie Tresska, and Adolph Lessig. According to present plans of the prosecutor the next defendant to face the bar will be Tresska. His trial will start a week from Monday.
Quinlin is out on bail, and his lawyers are making preparations for an appeal.

DULUTH CHANNELS JAMMED WITH ICE; BOATS IN DANGER

[Associated Press Telegram]
Duluth, Minn., May 15.—A "low" northwestern wind that attained a velocity of 44 miles an hour, played havoc with boats entering and leaving the Duluth-Superior harbor and today shipping here is in bad condition. The channels are jammed high with ice, which in many places is piled to a depth of 12 feet. Outbound boats are held in the channels and incoming boats have been compelled to anchor outside, a dangerous feat because of the high seas.

During the trouble last night the S. M. Clement was rammed by the Fred G. Hartwell. The Clement's portside bulwarks were damaged and the Hartwell sprung two bow plates.

CONFERENCE ON COMMITTEE ASSIGNMENTS

[Associated Press Telegram]
Washington, May 15.—Representative Underwood of Alabama, democratic leader of the house, Representative Mann of Illinois and Representative Murdock of Kansas, progressive leader, are conferring on the preliminary plans for the assignments of members to the various committees.

The proposition of minor representation on the various committees to be allowed by Mr. Underwood is satisfactory to the leaders of the other parties. The ways and means committee, one of the five already named, comprises fourteen democrats, six republicans, one progressive, and about the same proportion of representation of that majority and minority will be observed as to the other important committees. The majority will be called together early next week to work on the committee assignment.

Representative Burnett of Alabama will retain the chairmanship of the immigration committee, it is understood, leaving Representative Clark of Florida, an aspirant for the chairmanship of the public buildings committee of which Mr. Burnett has been leader since the elevation of Morris Shepherd of Texas to the senate.

A lively fight is on for places on the Rivers and Harbors committee, of which Representative Sparkman of Florida will remain chairman in all probability. Representative Murray, of Massachusetts and Mahan of Connecticut want to be the New England members and Representative Kettner of California, the Pacific representatives on the committee.
Representative Ashbrook of Ohio, Konop of Wisconsin, Dupre of Louisiana and McKellar of Tennessee, are mentioned as preferring rivers and harbor assignments.

TWO KILLED AT GALESBURG

[Associated Press Telegram]
Galesburg, Ill., May 15.—Two persons were killed by lightning in the storm which struck here last night.

DEBATE RESUMED ON TARIFF BILL IN THE SENATE

[Associated Press Telegram]
Washington, May 15.—When the tariff bill came up in the senate again today there was a wrangle over whether it or Senator Kern's resolution for an investigation of the West Virginia coal strike situation should have the right of way. Mr. Kern finally agreed to defer his resolution until 5 o'clock.

An agreement to vote on the question of public hearings after five hours debate was about to be made by unanimous consent when Senator William Alden Smith blocked it.
"The attitude of the other side of the chamber" said he, "is so arbitrarily in this matter that I do not feel it calls for any generosity from this side."

Debate was then resumed on the Penrose-LaFollette amendment to the motion to refer the bill to the finance committee. The amendment was to instruct the committee to give public hearings.

[Associated Press Telegram]
St. Clairsville, O., May 15.—The Uniontown United Presbyterian church was struck by lightning and burned at noon today. Loss about \$10,000.

ASK FOR PROBE OF DYNAMITE EXPLOSIONS

[Associated Press Telegram]
Pittsburg, May 15.—Frequent explosions of dynamite and powder within the past week in Western Pennsylvania, Maryland and West Virginia, and attempts to explode heavy filled magazines are causing anxiety and an investigation to thoroughly probe is a possibility. Since last Saturday close to a dozen persons have been killed, scores have been injured, some fatally, much property has been ruined and hundreds of people have been so frightened that they have fled the vicinity.

Beginning last Saturday when 500 sticks of dynamite exploded in the magazine of the Sunshine Coal and Coke company's mine near Mason-town, Pa., resulting in the death of four and injuring two score and ending yesterday with the explosion of 1,500 pounds of dynamite and 70 keys of powder stored in the magazine of the Consolidated Coal company at Eckhard, Md., in which three were killed and a dozen injured, there seems to be an epidemic of such accidents and an investigation of the streets would be warranted.

Monday an attempt was made to blow up the Brownsville-Uniontown passenger train at Leckrone, Pa. A track-walker found nine sticks of dynamite placed under the joints of the rails of the Monongahela railroad. A jar would have exploded the dynamite. Within 75 yards of the railroad was located the plant of the Cameron Powder company, containing 20,000 pounds of powder, and 500 pounds of dynamite.

In a premature explosion of dynamite at Parkersburg Tuesday, five men were blown into a stream while fishing. One was drowned and the other four rescued unconscious. Last night a miner's cottage at Colliers, W. Va., was blown to atoms by the explosion of a keg of powder. One man was killed and three seriously hurt.

REGAINS MEMORY AFTER MEETING WITH ACCIDENT

[Associated Press Telegram]
Warren, Pa., May 15.—Disappearing twelve years ago while suffering from mental trouble, John Oliver, of Chicago, a wealthy land owner of West Virginia and Pennsylvania, regained his memory yesterday after meeting with an accident in a sand plant at Torpedo, near here. He is in a hospital here awaiting the arrival of a brother from Chicago.
Oliver said he owned 120 building lots near Wheeling, W. Va., and that he held valuable mineral land in the vicinity of Lancaster, Pa. A telegram sent to his brother in Chicago by the county commissioners brought a prompt reply and confirmation of the man's story.

Missionary At The Baptist Convention Says Uncle Sam Should Intervene In Mexico

[Associated Press Telegram]
St. Louis, May 15.—"Armed intervention by the United States is the only thing in my judgment that will restore peace in Mexico," said Missionary R. P. Mahon of Morelia, state of Michoacan, Mexico, in an address before the Southern Baptist convention today.
"I have been unable to return to my work in Mexico for two months on account of the revolutions. The country is in absolute chaos and without the hope of getting together it fed by any of its own people."
"A governor of a prominent state told me he hoped we missionaries would establish a school in every village and town in his domain as he believed only a system of education like that of the United States would redeem Mexico. Vice, ignorance, gambling and extreme poverty hold the majority of the people in Mexico down."
"In the light of these facts, the only hope I can see for Mexico is armed intervention by this country," continued Mr. Mahon. "More than fifty percent of Mexico's population never has learned to read or write any language. More than 75 percent of Mexican men with families are unfaithful to their families. The missionary work in Mexico cannot be pushed ahead now

FOURTEEN KILLED IN A TORNADO

Which Swept Seward County, Neb., Damaging Three Towns

FORTY PERSONS INJURED

Property Damage of \$250,000—The Storm Crossed Omaha Near Southern Limits and People Seek Refuge in Cellars.

[Associated Press Telegram]
Omaha, Neb., May 15.—Reports received early today show that the tornado which formed in the southern part of Seward county last night took a toll of 14 lives, injured 40 persons and destroyed property valued at \$250,000.

At least three towns, Seward, Tomaro and McCool Junction suffered from the elements. The greatest destruction being at Seward where eight persons were killed and thirty injured. At Tomaro, four lives were lost and much property destroyed. At McCool Junction, two deaths occurred. At Seward a much greater disaster was averted by the fact that the tornado crossed only a comparatively small part of the town, instead of sweeping across the more densely populated section, two blocks south. The property loss in that city is estimated at \$100,000.

The tornado apparently originated south of McCool Junction, and gathering its force, moved to the northeast, struck full force both at Tomaro and Seward.

The storm crossed this city near the southern limits, but its strength had been so far spent that the damage done here was nominal. This fact, however, did not prevent many Omahans from seeking refuge in cellars and other places considered tornado proof.

The experience of Easter Sunday taught them to consider seriously the approach of ominous-looking clouds and the appearance in the south was of last evening's storm was sufficient to set everybody to looking for avenues of escape.

[Associated Press Telegram]
Seward, Neb., May 15.—Eight persons were killed and fourteen injured in the tornado which swept a district one block wide and sixteen blocks long in the north part of this city last night.

CHOOSE CINCINNATI FOR NEXT MEETING

[Associated Press Telegram]
Dayton, O., May 15.—Cincinnati was today chosen for the 1914 convention of the Ohio Eclectic Medical society when the fiftieth anniversary of the organization will be celebrated. These officers were elected: President, Dr. J. F. Wulst, Dayton; T. D. Hollingsworth, Akron; and J. P. Jenkins, Rushmore, vice presidents; A. W. Hobby, Sidney, corresponding secretary; J. H. Sheridan, Columbus, treasurer, and W. N. Mundy, Forest, secretary.

and many Mexican's of education would not object to our intervention." J. W. Lowe and A. Y. Napier, missionaries from China, said the new Chinese government welcomed the missionary schools.
Secretary Lansing Burrows in his statistical report said that the states of Missouri and Oklahoma had decreased in the number of members during the year, the former by nearly 10,000 and the latter by more than 5,000. The membership increase in Georgia was 9,000; in North Carolina 6,000, and in Tennessee 10,000.
Rev. Charles H. Rust, pastor of the Second Baptist church of Rochester, N. Y., came as a delegate from the Northern Baptist convention to extend greetings.
The convention of the Woman's Missionary union, an auxiliary of the Southern Baptist convention, met today in its twenty-fifth annual gathering. The morning session was devoted largely to the address of the president and to the report of the corresponding secretary, Miss Kathleen Mallory of Baltimore.
Simultaneously the Southern Baptist convention is assembling in the Third Baptist church for the detailed consideration of missionary reports. Many returned missionaries were expected during the day to tell of their work abroad.

DIAMOND DUST

The second opening of the Ohio State League occurred yesterday. Games were played at Hamilton, O., Lexington, Ky., Portsmouth and Huntington, W. Va. Attendance is reported at 77,000 divided as follows: Hamilton 2000, Lexington 2500, Portsmouth 1500, and Huntington 2500. The figures are unofficial.

In the game at Hamilton six home runs were scored, five by Mayville players and one by a Hamilton player, McCull, first baseman. The Mayville

circled batters were Mehan, Carlson, Olive and Woodruff.

Governor Jas. B. McHenry of Kentucky attended the one-day game at Lexington. He and Mayor J. E. Cassidy threw the first ball. President R. W. Reed of the league was also present.

Shawlin started before the high and mighty at Lexington. He got a home run and played a brilliant game.

Mayville and Shawlin of Chillicothe and Brown and Ellis of Lexington made home runs.

Toddy drew went through the game yesterday without a hit.

Trotman, pitching for Ironton.

scored a home run, though he lost his game.

Eleven home runs in one day in the Ohio State League is a record which will stand for some time.

POOL EXPERTS MATCHED AT THE BISMARCK CAFE

Another game in the championship pool tournament will take place at the Bismark cafe Friday night between Schlegel and Wheeler, champions, and Reed and Cady, who are the challengers. The game will be 150 balls. These matches are interesting and large number of local pool and billiard lovers have been attending the matches.

In the last match Schlegel and Wheeler won easily and were claimants for the city championship which they announce they will defend against all comers. The game Friday evening will be called at 8 o'clock and no doubt will attract a large crowd of experts as well as lovers of the game.

JOHNSON MAKES RECORD LIKE THAT OF WHITE'S

Pitches Fifty-Six Consecutive Innings in Which Opposing Teams Failed to Score a Run.

St. Louis, May 15.—The St. Louis baseball team of the American League yesterday ended Pitcher Walter Johnson's string of consecutive scoreless innings with one out in the fourth. Added to his previous total of 52 2/3 innings, the three and one-third innings that the Washington man pitched yesterday make his total 56, equalling the best achievement claimed for "Doc" White of the Chicago Americans. As official reports show White to have been scored on by Cleveland on September 9, 1904 (the year in which it is said he made his record), Johnson and his teammates last night asserted that the Washington star had made a new mark. The record said to have been made by Coombs of the Philadelphia Athletics in 1910 was 53 1/3. Johnson's record follows:

April 10—Against New York, eight innings.
April 19—Against New York, nine innings.
April 23—Against Boston, nine innings.
April 25—Against Boston, one inning.
April 30—Against Philadelphia, nine innings.
May 3—Against Boston, two and two-third innings.
May 5—Against Boston, five innings.
May 10—Against Chicago, nine innings.
May 14—Against St. Louis, three and one-third innings.
Total—56.

He has been scored upon but twice this season and has won nine straight victories.

Joe Connolly has won a home in the outfield with the Boston Braves. He was a star in the International League with Montreal, having a batting average of .316 for last season.

Clark Griffith secured him for the Washington Nationals, but had so much promising outfield material that he sold him to Boston at the waiver price.

CONSTIPATION CURED

CONSTABLE BOB AND PRISONER IN HOT FOOT RACE

"Stop! Hey; you-a make-a da run-away we have-a you peneched! Wait, you-a tie! Somebody shoot-a you, you no stop!" but the handcuffed man kept on running for dear life, while the panting officer followed a rod to the rear "bawled out" the Italian section and for trying to stop the prisoner.

The scene was in Mansfield and the officer was Constable Robert Forgrave of Justice D. M. Jones' court. Mansfield natives felt a reaction of the shock absorbers to see a prisoner evidently breaking his neck to get away from an officer and the latter persistently shouting between breaths:

"Run faster—go it—hurry up, you!"

The constable told railroad section men to mind their own business when they attempted to intercept the running prisoner whose handcuffs jingled as he dug into the dust.

But there were four persons who understood it all. They were an Erie railroad conductor, a B. & O. railroad conductor, Constable Forgrave and Joseph Barton, the prisoner. It was thus:

The constable was bringing Barton to Newark from Akron where police had held him on a charge preferred by Grace Nace of Jackson street, Newark. From Akron the officer and prisoner came to Mansfield on the Erie, to connect with the first B. & O. train for Newark. The Erie train arrived in Mansfield late and the B. & O. train was just pulling into the Mansfield station as the pair alighted from the Akron train. Constable Forgrave instructed his fleet-footed prisoner to "go to it"—get there and hold the train until the constable could reach it.

Barton followed instructions and made the train, but not without attracting more or less attention from the passing crowd, as the record shows.

The prisoner had been working in an Akron rubber factory.

AMUSEMENTS

"The Rise of Officer 174" Tomorrow. A feature photoplay is "The Rise of Officer 174," in which King Baggot has scored a decided hit. It is a brisk, modern episode in the management of city affairs and also gives an insight into the manner in which gambling dens are actually raided by the police. The conference of the crooks in the Tenderloin and their plans to get the new chief (King Baggot) out of the way is convincing. The raid of the gambling rooms is true to life and where the little girl makes use of the daguergraph, holds the attention of the auditor strongly.

A Great Three Reel Offering at Auditorium Sunday. Without a doubt the strongest and greatest moral picture ever filmed is "An Accused Inheritance" or "Sins of the Father," a three reel feature which is booked for presentation at the Auditorium Sunday next. It has been highly endorsed by both press and pulpit and should be seen by every man, woman and child in Newark.

Orpheum Theatre. The Bohemian Stock company, which is playing at the Orpheum this week is giving very good satisfaction. The management was very lucky in booking this company. Today they are presenting "Fun in a Madhouse," and "The Adventures." The former play is full of comedy and keeps the audience in constant laughter. Mr. Sherman does some very clever comedy work. The latter play is a society drama. In this act Miss Hood appears in a very expensive gown. Miss Hood has played leading roles with many high-class companies. Once you meet her you will never forget her. Friday and Saturday of this week the company offers a high class society drama in three acts, "The Woman Against Woman." Friday night there will be a "Country Grocery Store." In this store fifty prizes will be given away free. This store is very different from those of the past. The prizes are not more toys but something that is worth while coming for. Everyone who gets a prize will be very much pleased. On Saturday afternoon "The Children's Candy Martine." Every child will get a prize.

IT'S A MISTAKE Made By Many Newark Residents.

Many people in a misguided effort to get rid of kidney backache, rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Newark is no exception.

The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Newark.

Mrs. James Donnelly, 19 W. Harrison street, Newark, Ohio, says: For years we have used Doan's Kidney Pills with fine results. One of us suffered a great deal from kidney trouble and backache. He used Doan's Kidney Pills, procured from A. F. Crayton & Co.'s drug store, and they made him better. "If your back aches—if your kidneys bother you—don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Donnelly had—the remedy backed by home testimony. 50c. CHALMERS TRADE MARK

GUARANTEED

No Regrets

Genuine "Porosknit" is guaranteed absolutely. Read the Bond shown here. Buy it. There can be "no regrets."

You are bound to be pleased with Chalmers "Porosknit"—to find it light, cool, comfortable, flexible and durable, as have a million other men and boys. You will enjoy wearing it.

You may not know when you wear a Chalmers "Porosknit" Union Suit with its comfortably closed crotch that what keeps it from the usual cutting in the crotch is the way the back is made. No underwear is much elastic up-and-down (just sideways). We have inserted a piece in the back with the elastic direction up-and-down. You may bend or twist in any position—no cutting at crotch, no binding, no pulling, no bulging, no gaping.

"Porosknit" is made in all styles—for man, for boy. Go to any store where the genuine Chalmers "Porosknit" is displayed. Try a few suits.

CRAIG CHARGED WITH OPERATING A WINE ROOM

Uley Craig, proprietor of the Klondike saloon, was ordered before Mayor Swartz Wednesday afternoon where he was charged with operating a wine-room where women were allowed to loiter. He entered a plea of not guilty and the case was continued until Friday afternoon.

It was in Craig's saloon that the police officers arrested two white women Tuesday night. Craig was not arrested at that time, but was ordered before the Mayor about 3 o'clock Wednesday afternoon.

Columbus Senators ran into a snowstorm at Minneapolis yesterday.

Zanesville has won two straight games from Columbus and will try desperately hard to win the third.

Black (Loutenslager) was relieved by Cannitz at Lexington, saving the game for Lexington.

THE COSHOCTON TIMES.

We are pleased to note the improved conditions and wide-awake appearance of the Coshocton Daily Times. The paper has removed into a new location and now is printed in the live business center of that model little Ohio city, which has a state-wide popularity.

The new improvement of the Times and the contemplation of its owners for a still greater improvement in the way of more complete facilities and equipment is assurance that the model little city will have a newspaper booster in the near future that is the town's greatest need today.

The beautiful little city of Coshocton possesses substantial natural advantages that are rarely equalled in the state. In addition to the valuable coal mines in the vicinity, there is the beauty of the city and its surroundings, which actually form a harmonizing landscape, constituting a charm that its own citizens cannot over-estimate. Then with its highly competent and unexcelled city government and its creditable hotels and restaurants, there is no surprise that traveling men who frequent Coshocton are profuse in their words of praise of the city, and contribute to its popularity.

As Coshocton has been a Democratic stronghold throughout its history, its greatest need today is a Democratic newspaper booster. So long as there are two great political parties in the nation's government, there can be nothing permanent in the way of a newspaper in a small city unless it is a representative of one of these great parties. Our information is that the present owners of the Coshocton Times are determined to supply that present need, if possible, and in their efforts they certainly deserve assistance and support.

An efficient and thoroughly equipped Democratic newspaper in Coshocton will be a booster for the city, its business and its future, that cannot be appreciated until such a newspaper is given complete opportunity.

Uncle Walt's Philosophy

BRINY TEARS

Once I met a gloomy mortal and I said to him, said I: "You should caracole and chortle—better far to smile than sigh. All our woes and pains will leave us, and the sun for us will shine; nothing is so doggone grievous as to call for all this brine. For your mooping there's no pardon, it's against all recent styles! Read the dope of go snooping round to borrow trouble when there's joy to spare? If there's gloom today, tomorrow will disperse your grief and care." But the old man wept the louder as he heard my words of thought, saying: "You are full of chowder. All the things you say are rot. For my trade is helpful verses and the uplift graft, my son and I feel like forty heas with a corpse in every one. Life has lost its charms and glories, it has nothing but distress, for I write the sunshine stories for the optimistic press."

HORSES TOOK FRIGHT AND STARTED OFF

Carrying a heavy hitch weight, a team of horses drawing a wagon of the Consumers' Brewing company, took fright Thursday noon and scattered pedestrians when they made a dash along the north side of the public square to the drinking fountain in the court house park, where they were topped by the driver and others who rushed to his assistance.

The wagon was being loaded with

ar fixtures in front of the Kuster restaurant, building, when a lumber wagon passed and dislocated a block and tackle near by, which was thrown against one of the horses. Fortunately, no one was hurt.

LIMITS POWER OF HEALTH BOARDS

[Associated Press Telegram] Columbus, Ohio, May 15.—The new home rule for municipalities amendment to the state constitution will not give local health boards exclusive jurisdiction in cities adopting their own charters, according to a ruling given to the state board today by Attorney General Hogan.

Local health boards will continue under the jurisdiction of the state board.

DEATH OF FLAGLER EXPECTED.

[Associated Press Telegram] Jacksonville, Fla., May 15.—The death of Henry M. Flagler, the Southern hotel and railroad magnate, is momentarily expected, according to a statement attributed to President Part of the Florida West Coast railroad today. Mr. Flagler has been critically ill at his West Palm Beach home for several weeks.

MILLION FIRE LOSS.

[Associated Press Telegram] Buffalo, N. Y., May 15.—Fire this afternoon destroyed the mammoth freight elevator at Ohio and Louisiana streets, 700,000 bushels of grain, the elevator's capacity, the south end of the New York Central railroad freight yards, a score of box cars and the house of the fire boat Potter. The loss will exceed \$1,000,000.

WILL DONATE CEMENT.

[Associated Press Telegram] Chicago, May 15.—Enough cement to construct the proposed ocean-to-ocean highway was donated yesterday by members of an organization of cement manufacturers in session here. Each member is to give one per cent. of his annual output for three years. The subscription is estimated to be worth \$2,500,000.

JOCKEY BENSCHOTTEN DEAD.

[Associated Press Telegram] Baltimore, Md., May 15.—Jockey James Benschotten injured during the running of the Linstead Steeple chase at Pimlico yesterday died early today. Benschotten, who was riding Sir Reges was thrown at the tenth jump. As he attempted to rise he was struck on the head by the hoofs of another horse and his skull fractured. Benschotten was from Brooklyn, N. Y.

CAR CONDUCTOR KILLED.

[Associated Press Telegram] Cleveland, O., May 15.—Dwight Pickering, 28, a street car conductor, was instantly killed today when he fell from the window of his car to the street. He was standing on the window sill to adjust the trolley pole when the car gave a sudden start and he lost his balance and fell.

NUDE ART BAROED.

[Associated Press Telegram] Akron, O., May 15.—Because he displayed the picture "September Morn," E. L. Griner, an art dealer, was arrested here today charged with "obscenity and attempting to sell a picture. The humane agent filed the affidavit for the arrest."

Little Benny's Notebook

I wrote in my history book about the Chinese today, this being it.

The Chinese

You can always tell a Chinese by his language, which kums out of his throat instead of out of the front of his mouth and sounds like a baby singing before it nox anything to sing. If he don't tawk you can tell him by his bare being ficked like a girls down the back, and if you kant tell him by that you can tell him by his short. A Chinesees short is jenerally awl awn the outside instid of sum of it being awn the inside ware it awt to be. The reason for this is probably because the short is maid out of silk and the Chinese thinks it wood be a sham to hide any of it.

If we didnt need so many laundry men we woodent let the Chinese in this kuntry at awl. awn akkount of them being abel to live awn abut 2 sents worth of rice a day, and we them being abel to live awn abut 2 sents worth of rice in this kuntry. If we let them kum ovir and do that

awl they wuntid to we mite get the habit and start doing it ourselves, and if evvrybody startid to live awn 2 sents worth of rice a day the tunmaytiz and puttaytiz and evvrything wood dry up and this wood be a heck of a kuntry.

The trouble with the Chinese is they did evvrything so many thousand yers ago they think wats the use of doing it awl ovir agen.

If you say to a Chinese, Wy dont you get a littel life in you and put sum telephones and railroads and wire less messidges and things like that in Chiner, he will say You think yure smart dont you, wy, we had awl those 5000 yers ago, we wunt sumthing noo, thats wat we wunt. Only he will say in Chiner and you probly wont be abel to understand it, unless you can understand wat a baby is trying to say befor it nox any English, wich noboddy can; but the baby's mothers, and they ony pertend to.

The differents between a Chinese and a Japanes is that a Japanes has moar seniz.

HARRY K. THAW IN NEW YORK AS WITNESS

[Associated Press Telegram] New York, May 15.—Harry K. Thaw was in New York today prepared to take the stand to tell about the alleged conspiracy to get him out of the Mattawan state asylum for the criminal insane. His presence was demanded at the trial of John N. Anhalt, the New York lawyer whom Dr. John W. Russell, former superintendent at Mattawan accused of offering him \$20,000 to sign a certificate that Thaw was sane. Thaw took the stand as the first witness at the opening of the afternoon session.

ORGANIZED FOR FLOOD PREVENTION

[Associated Press Telegram] Dayton, O., May 15.—To develop and apply measures of relief through out the Miami valley, representatives of the flood relief committees of Hamilton, Butler, Montgomery and Shelby counties met here today and decided to form the Miami valley flood prevention committee. The committee will be made up of five delegates, representing the organized flood prevention movement in each county.

Robert Clayton Divan, son of A. E. and Leora Legge Divan, was born near Salisbury, O., Feb. 19, 1908, died May 1, 1913, aged 5 years, 2 months, 15 days. He was the youngest of a family of four children, Yona, Francis, Evan, Louis and Robert. Yona Francis, the only daughter, departed this life December 20, 1906. Robert was in unusually bright boy and in no other place except the home will he be so sadly missed as in Pleasant valley Sunday school. The funeral was conducted at the home Tuesday at 10:30 o'clock by Rev. W. F. Baling.

Burial in the Perryton cemetery. He leaves to mourn their loss a father, mother, two brothers a grandfather, two grandmothers and a lot of friends. Robert is not dead but transplanted. He has met Yona over here. They are safe from all the weeds and thorns and will bloom in God's garden fair.

HEALTH HINT FOR TODAY.

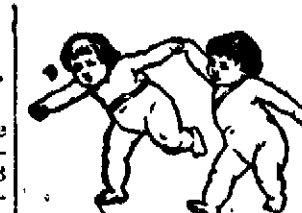

The Fly and Typhoid. Make a renewed effort to fortify your home against the deadly housefly. This is the season of the year when typhoid fever is most prevalent, and the fly, as one of its chief carriers, is correspondingly more dangerous.

During the warm summer weather most flies are content to remain outdoors in garbage cans and filth deposits, but during the cooler weather they stay in your homes in increasing numbers, just when they are most apt to be reeking with the germs of dangerous diseases.

Rid your premises of any rubbish, old paper, tin cans and refuse of any kind that may have accumulated during the winter.

Do not throw waste material on a pile in the back yard to be blown into the street by the first wind or to lie there in a decaying heap to breed flies and give off foul odors.

That Wonderful Event

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe.

During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

DR. PIERCE'S FAVORITE PRESCRIPTION

Is a scientific medicine carefully compounded by an experienced and skillful physician, and adapted to the needs and requirements of woman's delicate system. It has been recommended for over forty years as a remedy for those peculiar ailments which make their appearance during the expectant period. Motherhood is made easier by its use. Thousands of women have been benefited by this great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

It is your privilege to write to Dr. Pierce for advice, and it will be gladly given free of charge. Of course all communications are confidential.

In Society

Surrounded by her friends and associates in her school work, Miss Dorothy Ruth Swartz, daughter of Judge J. M. Swartz of Granville, made her formal appearance as a soloist at her graduating recital which was given in Recital Hall in Granville on Wednesday evening at 8 o'clock. Miss Swartz has completed the course prescribed by the Denison Conservatory of Music and on Wednesday evening her program was varied and well enough arranged to display to advantage the best in her voice.

The singer has a soprano voice of clarity and strength and she evinced a keen perception in the art of interpreting her numbers. Especially well given was La Visione by Vannucini and Savonara, a Japanese Romance in four parts by Charles Wakefield Cadman.

Miss Swartz possesses an attractive stage appearance and was picturesquely pretty in her simple gown of white charmeuse en traine. She was enthusiastically received by her audience and warmly applauded. The soloist received great clusters of American Beauty roses after several of her numbers.

Miss Katherine Curtis Critchfield, also a student at the Conservatory, was accompanist, and proved herself an artist in pianoforte in her insight to the singer's work. After one of the encores Miss Critchfield was also presented with a bouquet of white roses.

Following is the program as given by Miss Swartz:

Rimsky-Korsakoff....A Song of India
L. Liebling....Love Came In at the Door
Vannucini.....La Visione
Donizetti.....

Aria from Anna Bolena—Al dole guidami
Charles Wakefield Cadman.....

"Savonara"—A Japanese Romance
1. I saw the first when cherries bloomed.

2. At the Feast of the Dead I watched thee.

3. All my heart is Ashes.

4. The wild Dove cries on fleeting wing.

PAPPAS-SHAFFER.

The marriage of Mr. Evan N. Pappas and Miss Fay Shaffer was solemnized Wednesday in Columbus. Miss Shaffer is the daughter of Mr. and Mrs. Miller Shaffer of 24 Stanberry street Newark, and was a former Mt. Carmel nurse and Mr. Pappas is a young business man in Cleveland. After a short trip they will make their home in Cleveland.

LEGLER-FERGUSON.

Marked with the utmost simplicity was the wedding of Miss Mary E. Ferguson, daughter of Mr. and Mrs. F. L. Ferguson, and Mr. Ellis P. Legler of Dayton, O., which took place at the country home, "Windermere" of the bride's parents, one mile southwest of Potosky, Mich., at half past seven o'clock Monday evening, May 12, 1913. The beautiful single ring ceremony was performed by Dr. Gra-

The Man Who Was Married and the Man Who Wasn't

THE man who was married was working in his garden, and the man who wasn't married was trimming some vines along the fence nearby.

"How is your wife?" asked the old bachelor. The Benedict shrugged his shoulders. "Oh, she doesn't seem to get any better," he said gloomily. His wife had been an invalid for twenty-five years, and his stock of sympathy on the subject of sickness had long ago been exhausted. He thought a little enviously of the old bachelor's care-free existence, untouched by such tribulations.

"That's too bad," replied the old bachelor, with sympathy in his tone. And he also thought a bit enviously of the other's lot, and of how he would enjoy petting and coddling and waiting on such an invalid.

"She's going to the hospital today," went on the married man, moodily. "She's been so much worse for the last week or so that we had to get a trained nurse; and yesterday it was decided it would be best for her to go to the hospital."

He thought bitterly that the single man never had to take money he wanted for other things, to pay doctor's bills, and nurse's bills, and hospital bills.

"Well, well," said the bachelor. "She must be pretty serious." And he thought, if it were his wife, how he would delight to get a dozen nurses if necessary, if only he could keep her where he could minister day and night to her comfort.

"Oh, I don't know as her condition is so serious," replied the married man a bit cynically. "She don't seem to have much the matter with her. It's just a case of nerves. And I can't see that nerves can make one very sick." He had thought privately for many years that his wife wasn't half as ill as she pretended to be, and that if she would only "make an effort," as Mrs. Dombey the first was urged to do, she could be up and about, the same as other women.

"He doesn't understand women," thought the old bachelor. "Nor what tender, delicate things they are, nor how they ought to be protected and cared for." And he sighed a bit, thinking how he would have delighted doing these very things for the girl whose grave was in the hill-side cemetery.

"Who's taking care of your house now?" "Oh, we've got another housekeeper," replied the married man more dependently. "But I expect she'll be like all the rest." And his mind wandered to the shining, well-kept house of the old bachelor presided over by a bright young niece.

"Some of them aren't worth much," sympathized the bachelor. And he thought were a wife of his lying in a sickroom, how he would hunt day and night until he found a woman who would keep the house as it should be, and minister to his wife's every need.

Just then, the niece called the bachelor to dinner. The married man looked at him gloomily and continued his gardening, wondering when he would be called to dinner, and why it was that he had so many trials, and his neighbor go scot free.

And the bachelor, as he sat down to his lonely dinner table, sighed a bit that no wife, even though she might be on a sick bed, gave a smile of gladness when she heard his footsteps on the threshold.

ham, pastor of the Presbyterian church of Potosky, in the presence of a number of the relatives and friends of the contracting parties from Ohio.

Miss Ferguson was lovely in a hand-embroidered gown of crepe-de-chine with touches of beautiful lace, and she carried a bouquet of bride's roses.

To the strains of the Lohengrin wedding march, played by Miss Agnes Walsh of Dayton, O., the bride entered the living room on the arm of her father, who gave her in marriage.

Mr. Harold Lamson of Toledo, O., acted as best man, and Mrs. Harold Lamson, a sister of the bride, was matron of honor. The bridal party took their places before a bower fashioned of greenery and white trilliums, which were very characteristic of the spring time, while the radiance of lighted candles throughout the house illuminated the scene.

Following the congratulations that were showered upon the happy couple a wedding supper was served, after which Mr. and Mrs. Legler left for a short trip before returning to Dayton, where they will make their home at 301 Grafton avenue. The bride's traveling suit was of King's blue, with hat to match.

The bride is a graduate of Denison University, Granville, and is a member of the Kappa Phi sorority, and the Phi Beta Kappa fraternity, while the groom is one of the most popular young men of Dayton, O. He also attended Denison University and later graduated from Chicago University. He is a prominent young lawyer, being associated with Judge B. P. McCann, one of the ablest and most distinguished practitioners at the Ohio bar. Mr. Legler is also a prominent Mason and is well known in musical circles not only in Dayton but throughout the country.

The esteem in which the young people is held by their friends is attested by the numerous telegrams of congratulation that were received by them from all over the country.

Mrs. Oliver O'Bannon delightfully entertained with a dinner party on Wednesday at her home in Hazelwood avenue. The appointments were delightful and covers were laid for the following guests: Rev. and Mrs. Marshall, Mrs. Ella O'Bannon, Mrs. Emma Patterson, Mrs. E. T. Cross, Mrs. William O'Bannon, Misses Mary Montgomery, Priscilla Montgomery and Elizabeth Belford of Granville, O.

CLEARED AWAY.
Proper Food Put the Troubles Away.

Our own troubles always seem more severe than any others. But when a man is unable to eat even a light breakfast, for years, without severe distress, he has trouble enough.

It is small wonder he likes to tell of food which cleared away the troubles.

"I am glad of the opportunity to tell of the good Grape-Nuts has done for me," writes a N. H. man. "For many years I was unable to eat even a light breakfast without great suffering."

"After eating I would suddenly be seized with an attack of colic and vomiting. This would be followed by headache and misery that would sometimes last a week or more, leaving me so weak I could hardly sit up, or walk."

"Since I began to eat Grape-Nuts I have been free from the old troubles. I usually eat Grape-Nuts one or more times a day, taking it at the beginning of the meal. Now I can eat almost anything I want without trouble."

"When I began to use Grape-Nuts I was way under my usual weight, now I weigh 30 pounds more than I ever weighed in my life, and I am glad to speak of the food that has worked the change." Name given by Postum Co., Battle Creek, Mich. Read the little booklet, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

HOMELY, YET ADMIRABLE
AND ENVIED: HER SECRET.

The convention crowd in the lobby made a path for her, cast admiring side glances, then with longing eyes followed her to the elevator. It was at the Ponchartraine in Detroit. The incident was recalled when I chanced to sit across the table from the woman. What was it about her that caused all that commotion? She wasn't handsome; she was lacking in form and feature; yet she did seem marvelously fascinating. Her complexion must be the secret. Really, I've never beheld its equal. Venturing to pick up acquaintance, I learned the reason.

"I know I'm not built for beauty," she confided, "but I've tried to make the most of my one charm. I've learned that men adore make-ups and artificiality. I bar cosmetics; there are just two things I ever use and they promote natural loveliness and youthful appearance."

"When my complexion began to age, I got an ounce of mercolized wax at the drug store, apply at night like cold cream and wash it off in the morning. This gradually flakes off the outer skin; then I have a brand new complexion, magnetically beautiful, as you see."

"Wrinkles never bother me. At their inception I bathe my face in a solution made by dissolving an ounce of powdered sassafras in a half pint of witch hazel. It works like magic."—Mona Morrow in Town Tattler. (Adv.)

Birthday Calendar
*****

IF THIS IS YOUR BIRTHDAY

You will have prosperity and good fortune, but will be annoyed by ignorant or thoughtless people. It will help you to remember that the sudden attainment of wealth rarely improves the personality at first.

Those born today will have affectionate dispositions and many friends. Their great danger will be allowing their sentiments and feelings to crowd out reason and intelligence. They will be fortunate in material things.

For the Weak and Nervous
Tired-out, weak, nervous men and women would feel ambitious, energetic full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Rhinevaunt of Vestal Center, N. Y., says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by F. D. Hall.

Ready for Opening.
The new summer garden at Hotel Seiler is practically completed. Joe Lanning, Jr., has finished the advertising sign work, electric lights have been installed, new tables have been made ready and the saved floor covering has been distributed in readiness for the opening in a few days.

Fine Fishing at Lake.
Fishing was never better at Buckeye Lake than it has been this spring, and many excellent catches are reported daily. The Lake Bries have been hitting for the past three weeks and it is no trick even for a novice to journey to the lake and return with a big bag of the toothsome delicacies. Catches of from a dozen to as high as a hundred per person are being reported daily.

River Fishing Good.
The floods this spring were a boon to fishermen residing along the Sandusky river. Fish came up stream from the waters of the lake and the spring fishing has been excellent. Many good catches have been reported the best being that of Chas. Reitz, of Bucyrus, who landed 67 beauties north of Upper Sandusky. Tuesday. It is predicted that all

records for the catching of black bass will be broken when the open season begins June 1.

WANTS \$3000 DAMAGES FROM HIS BROTHER

Edward Dodson files Petition for Injuries Received in an Alleged Assault.

\$2000 for a single bite! That is the rate at which Edward Dodson, living near the Licking-Muskingum county line would charge for eating off his hand. At least that is the sum he seeks to collect from William Dodson, said to be his brother.

In a petition filed in common pleas court by Attorney Snythe & Snythe, Thursday, Edward Dodson alleges that on May 11—last Sunday—not only struck him and knocked him down, injuring his face, neck and shoulder, but that he (William) bit his (Edward's) left hand, and that the general injuries amount to \$3000.

PATROLMAN MOORE HOT-FOOTS IT FROM TORNADO DISTRICT

According to information volunteered by some of his fellow officers, Wagonman Charles Moore, who was said to have gone to Lincoln, Neb., to spend his vacation, was caught in the great storm which swept that part of the country which had made a fast return trip home.

The headquarters officers state that Charles didn't even hesitate to pack "his other shirt" but left it in the ravages of the storm. He traveled eastward much faster than the storm and has taken refuge in the quiet village of Jacksontown where he spent his youth, and where no cyclones ever intrude.

Moore's friends were glad to hear that his fast foot work kept him out of the clutches of the Storm King.

FOR FLOOD SUFFERERS.
[Associated Press Telegram]
Columbus, O., May 15.—Contributions to the Ohio flood sufferers are still being received at the governor's office. The latest received was from Mayor J. A. Lanning of Milwaukee, who sent a draft for \$3,221.11 which was collected by popular subscription. The money will be turned over to the Red Cross.

FAILURE GREETED HIS MANY EFFORTS

UNITED DOCTORS GIVE MAN RELIEF AFTER HOSPITALS AND OTHERS FAIL.

PSORIASIS IN WORST FORM.

Cured Man Claimed That He Had Suffered Previously With Dozens of Doctors in Last Twenty Years.

There are times in each life, not infrequent, when constant failure brings hopeless discouragement, when the knowledge of these past failures makes final success seem miraculous. This was the result that flashed through the mind of John Schmitt of Columbus.

After twenty years of striving for a cure for skin trouble, he was finally cured by the United Doctors.

"I have had the very worst form of Psoriasis (skin trouble) for a great many years and though doctoring with dozens of physicians and having a number of times spent periods in hospitals in Philadelphia and other cities it was in a vain effort for I got no relief, said Mr. Schmitt in speaking of his cure.

"I had read of the United Doctors and knew of the wonderful cures they were accomplishing and decided finally that I must see what they could do. It is now only three months ago to-day (May 3d, 1918) since I started the "United" system of treatment now I must say to the public that I am absolutely cured. My skin looks as natural and as healthy as any person's. I could look and feel fine. I thought it was impossible to ever be cured after the many failures of other doctors and hospitals."

The United Doctors treat among other ailments the chronic and deep-seated diseases of the nerves, blood, heart, kidneys, liver, bladder, spine, brain, including rheumatism, paralysis, gaititis, goitre, dyspepsia, indigestion, constipation, neuralgia, loss of nerve force, asthma, dropsy, catarrh, deafness, and diseases of women and diseases of men.

"The United Doctors" grand offer of free examination free consultation and free treatment except for the approximate cost of medicines and distribution of medicines May 20th.

The United Doctors Newark Institute is on the second floor, No. 40, the Arcade.

WOMAN COULD NOT WALK

She Was So Ill—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Pentwater, Mich.—"A year ago I was very weak and the doctor said I had a serious displacement. I had backache and bearing down pains so bad that I could not sit in a chair or walk across the floor and I was in severe pain all the time. I felt discouraged as I had taken everything I could think of and was no better. I began taking Lydia E. Pinkham's Vegetable Compound and now I am strong and healthy."—Mrs. ALICE DARLING, R.F.D. No. 2, Box 77, Pentwater, Mich.

Read What Another Woman says: Peoria, Ill.—"I had such backaches that I could hardly stand on my feet. I would feel like crying out lots of times, and had such a heavy feeling in my right side. I had such terrible dull headaches every day and they would make me feel so drowsy and sleepy all the time, yet I could not sleep at night."

"After I had taken Lydia E. Pinkham's Vegetable Compound a week I began to improve. My backache was less and that heavy feeling in my side went away. I continued to take the Compound and am cured."

"You may publish this if you wish."—Miss CLARA L. GAUWITZ, R.R. No. 4, Box 62, Peoria, Ill.

Such letters prove the value of Lydia E. Pinkham's Vegetable Compound for woman's ills. Why don't you try it?

County farm experiment law strengthened.
Manufacturers of lime are to be licensed and their products inspected.
Protection was given to quail and skunks.
A pure seed bill was placed in the statutes.

FOR THOSE WHO GO TO COURT.

Verdicts by agreement of three-fourths of jury were authorized.
Litigation was shortened and expense of it lessened by giving circuit courts of appeal final jurisdiction except in extraordinary cases.
All counties may have resident common pleas judges.

COMPLETE SYSTEM OF GOOD ROADS ASSURED.

A revenue of \$3,500,000 annually provided for next 10 years to build complete inter-county and market roads.
Use of split log road required.
Legal cognizance given to "Portage county" plan of making road improvements.
Closer co-operation in road building by township trustees and county authorities authorized.

PUBLIC UTILITIES LAW STRENGTHENED.

A revaluation of property of all public utilities is to be made under supervision of State Public Utilities Commission.
To prevent delay, court appeals in rate decisions must be commenced in court of final jurisdiction.
No injunction shall be issued against rate order without investigation.

A uniform accounting system applied to all utilities.

TO PROMOTE BUSINESS EFFICIENCY.

The expenditure of \$10,000,000 annually by state will be more closely scrutinized by state budget experts—a new departure.
Fiscal year changed to simplify bookkeeping and accounts.
Thousands of dollars saved by permitting State Emergency Board allowances to be taken from state treasury, instead of borrowing from private banks.
Private banks brought under state supervision for first time.
A new department of building and loan associations created, and it was put on a self-supporting basis.
State Department of Banks and Banking made self-supporting.
The last two laws save state \$100,000 each year.

EDUCATION.

A school survey was begun and it is now working to gather statistics to remedy defects in common school system.
State support given weak schools.
Energies of State University and state government co-ordinated wherever possible.

PROTECTIVE MEASURES.

The Clark "blue sky" act was designed to put out of business in Ohio promoters of fraudulent lands and stocks and bond issues.
To improve moral atmosphere of theaters, no moving picture can be exhibited until it is censored by a board of competent persons.

TO PREVENT ELECTION FRAUDS.

The corrupt practices act was extended to unsuccessful candidates and all other persons or associations or corporations that participate in campaigns.
Payments for signatures to I and R. petitions were prohibited.
Election ballots must be preserved for 30 days for protection of contestants.

A MODERN TAXING SYSTEM.

Local assessors made appointive, instead of elective officials, so as to be free from local influences in valuing property.
To relieve financial distress in small districts, the 1910 limitation of Smith 1 per cent tax act were removed, but the 1 per cent maximum still remains undisturbed.

MISCELLANEOUS LAWS.

In the interest of the market basket combinations to fix prices for food stuffs were prohibited.
To conserve the forests, such lands, not to exceed 20 acres per farm, were exempted from taxation.
To promote public health, state board of health given \$20,000 to combat tuberculosis.
Prohibition of sale of cocaine and other narcotics, except on physician's certificate, provided.
Counties must send consumptives to tuberculosis hospitals and nurses must be sent to those so afflicted.

LIQUOR TRAFFIC LICENSE.

Hereafter the sale of intoxicants will be regulated by a state commission, with one deputy in each small county and two in the larger ones. Rigid restrictions were made in the sale of liquor and the conduct of liquor emporiums for the purpose of elevating the business. This work was done so well that the bill was praised by both dry and wet leaders, while Governor Cox also was commended for his part in getting the measure into the statutes.

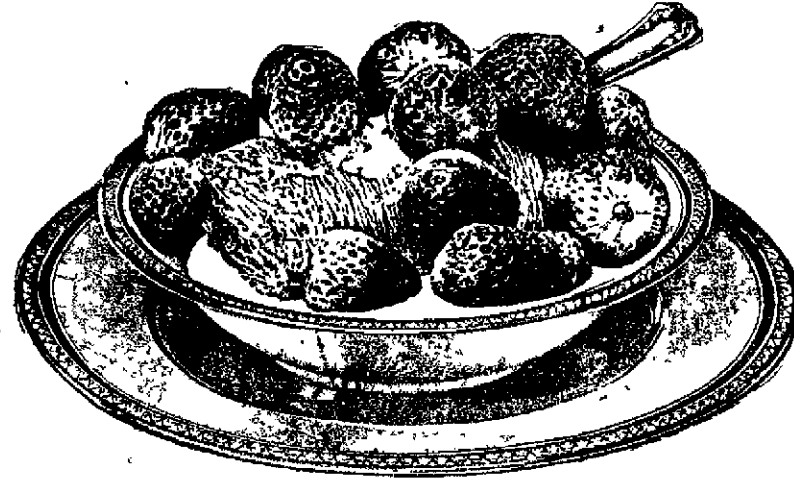

THREE MEALS A DAY

are three too many if they are not appetizing and wholesome and nourishing. In Summer you will want to cut out the heavy foods—always the most expensive and the hardest to digest—and eat foods that supply the maximum of nutriment with the least tax upon the digestion. COMMERCIAL MEN SAY BUSINESS IS VERY GOOD

"When people tell you business is dull, tell them they're mistaken," said a commercial traveler, Thursday. The speaker "makes" the central states for one of the biggest wholesale houses in the country. His statement is supported by interviews with Newark hotel men, who say their customers are enthusiastic over the enlivened condition of general trade.

Hotel patronage by commercial men is a very fair gauge of business conditions, said a local landlord Thursday. He declares his guests report heavy buying by Newark firms in anticipation of the commercial revival.

COMMISSIONERS WILL AWARD TRIP IN CORN CONTEST

Before adjourning their session on Wednesday afternoon, county commissioners voted to bear the expenses of one successful corn-growing contestant from this county on the trip to Washington, under auspices of the state board of agriculture and the Licking County Crop Improvement society.
The board appropriated \$25 to Lemert Post, G. A. R. and a like amount to Spanish war veterans for use on Decoration Day. The D. M. Jones company was awarded a contract for furnishing 200 markers for soldiers' graves in the county.

BACHELORS OF NEWARK, PLEASE TAKE NOTICE

Ed McGonagle, deputy sealer of weights and measures of the county, is in receipt of a matrimonial solicitation from a belle of Sunny Tennessee, who is doubtless unaware that Mr. McGonagle is not unmarried.

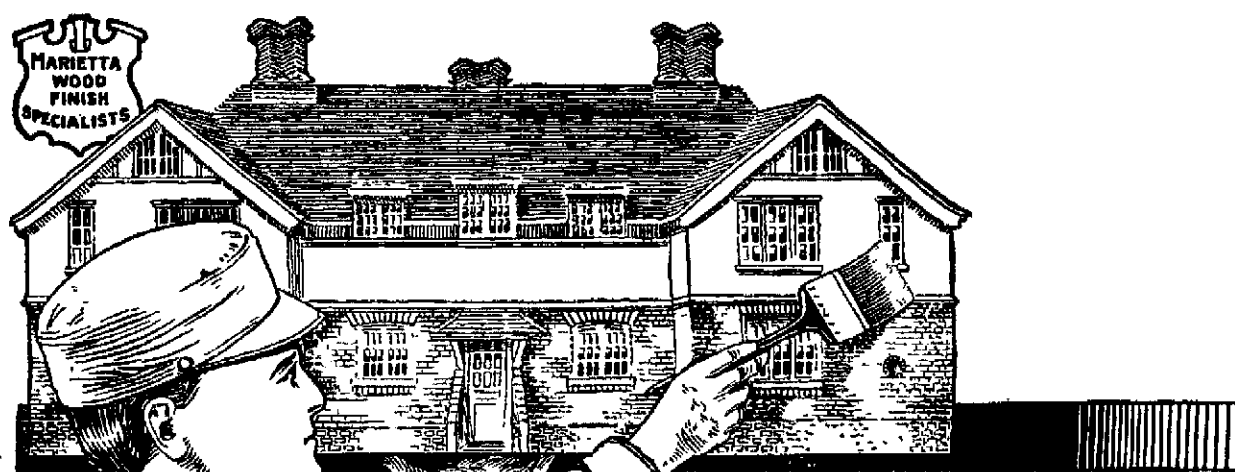

The young woman who sent the communication evidently seeks a husband, and Mr. McGonagle's generosity is responsible for others sharing his "secret." He purchased a box of Tennessee strawberries at a downtown market Thursday and on the bottom of the box he discovered the following:

Martha Burton, Dayton, Tenn., R. D. 4, box 16. Age 28—marryable.

PARCEL POST VERY POPULAR WITH PUBLIC

[Associated Press Telegram]
Washington, May 15—Reports received at the postoffice department indicate that 59,000 parcel post packages were sent through the mails during April, approximately 51 percent more than were handled in January, the first month of the system's operation.

Chicago, with 6,397,692 parcels led all other cities in the amount of parcel post business done in April while New York City with 6,232,378 parcels, was second, Boston third, Philadelphia fourth, Cincinnati fifth, and St. Louis sixth.

THE BEST HOUSE INSURANCE IS AURORA PAINT

When you decide to have your house painted look into the question carefully. Any paint will put color on it, but it takes a mighty good paint to cover and protect it properly.

AURORA MIXED PAINT

is the last word in paint excellence. It is the result of years of study, experience and experiment by practical painters.

Made from pure lead, scientifically mixed with sufficient inert pigments to add to the durability of the oil.

Aurora is a workable, wearable and weather resisting paint. Spreads easily, covering more surface and giving longer service.

NERVOUSNESS

Without question the most difficult condition to successfully treat that is known to the medical profession. Nervousness is a result of many things, but when such cases are once fully developed, it is dangerous to allow them to go on without treatment.

Opium, Chloral, Morphine and Cocaine are often employed to allay nervous conditions. These deadly drugs are simply stimulants that have no curative effect. They require great skill to combat diseased Nerves. Dr. Weist has several remedies that have proved a boon to such sufferers. Weist's Nervine gives you a permanent cure for anything. If your nerves are afflicted, better come to Dr. Weist for a permanent cure.

DISEASES OF WOMEN

Diseases peculiar to Women weaken the body and mind. If neglected they drain your vitality until your life becomes miserable. Dr. Weist's treatment of these diseases has been found to be the most successful. It is a relief to suffer when relief is at hand. How many women who have been told "wait" have been cured by Dr. Weist. Diseases that have been neglected for years, but now cured by Dr. Weist. He has been successful in curing many cases of Leucorrhea, Prolapsus, Displacement, Ovarian Trouble and various other diseases.

You can take this treatment at home and in privacy. No humiliating examinations necessary. No operations. No hospital treatment. Simple, safe, reliable and sure method of treatment that gives results. It does not matter what ails you, how long you have been ill or how long you have suffered. Consult Dr. Weist. His opinion will be worth a great deal to you.

DISEASES OF MEN

Causes of long standing diseases. Chronic diseases of Men and Women. These diseases are often caused by the worst of causes. If you have Sexual Troubles, Gonorrhea, Syphilis, Rheumatism, Catarrh, and all affections of whatever nature are daily being treated by Dr. Weist. His success has been remarkable in Chronic cases of all kinds. Diseases of the eye carefully treated and cured.

Dr. Weist has made a lifetime study of Private Diseases of Men and Women and knows the precise cause, effect and cure of each and every case. You need not suffer from these diseases. Every day Dr. Weist's treatment makes you feel better. It gives you a permanent cure for anything. If your nerves are afflicted, better come to Dr. Weist for a permanent cure.

Dr. Weist has a remedy that is giving wonderful results. If you are so afflicted it will be to your interest to see him without delay.

CONSULT DR. WEIST

It matters not what ails you. If you are sick you need treatment of some kind. Dr. Weist's treatment is a lifetime study of such diseases is certainly prepared to give you better results than any other. Dr. Weist has an established practice and treats a large number of people. His charges are very reasonable and if he thinks he cannot help you he will frankly and truthfully tell you so.

CONSULTATION

It costs nothing to tell Dr. Weist about your condition. He will give you a thorough examination absolutely without charge. This alone is worth a great deal to know what really ails you, without any doubt or guess about it. Everything strictly confidential. Don't fail to see the Doctor on time.

POPE ISSUES JUBILEE ORDER FROM VATICAN

Pope Pius, from the Vatican at Rome, has issued to all the Roman Catholic churches of the world a letter in which he proclaims a general jubilee in commemoration of the peace which the Emperor Constantine the Great granted the church in the year 313.

This letter was issued on the eighth day of March and the festivities in honor of the sixteenth century of this great event are already in progress in the city of Rome. The general jubilee which began on what is known as Low Sunday, March 30th, will continue throughout the world until December 8th of this year.

The event celebrated by the church is the edict issued by Constantine that Christianity be recognized by the state. This first placed the church under the protection of the state of Rome, which had heretofore bitterly persecuted the Christians.

The jubilee grants special privileges to Catholics and if certain works are performed great spiritual benefits are promised. The works are that six visits to a church or churches designated by the Bishop where prayers are to be said for the intention of our Holy Father, Confession and Holy Communion must be made sometime during the period stated. The third work prescribed is that alms be given according to one's means.

When the festival is concluded the alms will be forwarded to the Bishop who will see that they are devoted to some pious work.

GOOD DIGESTION MEANS A JOYOUS LIFE

Mi-o-na for Out-of-Order Stomachs.

Who ever heard of a jolly dyspeptic? Merriment and indigestion are as far apart as the North and South Poles. The dyspeptic should not be blamed if he is blue, irritable or grouchy—he cannot help it.

No one who has a coated tongue, dizziness, nerves on edge, sour and gassy stomach, and knows that he cannot eat a hearty meal without stomach distress, can be sweet tempered or enjoy life.

Why allow this condition to continue? Mi-o-na, a specific for out-of-order stomachs, can be had from any drug store on money back if not benefited plan.

Mi-o-na is not only a digestive which gives prompt relief whether taken after meals or at any sign of stomach distress, but contains ingredients which strengthen the walls of the stomach, stimulate the flow of the gastric juices, and restore the digestive organs to a normal condition.

The stomach must digest your food readily and supply the body with its proper nourishment before you can be well, strong, or have life assume anything but a gloomy aspect.

If you have any symptoms of a disordered stomach, begin the use of Mi-o-na at once—today. Why wait—stomach ills usually lead to something serious. Always keep Mi-o-na in the house—carry it when traveling. You have nothing to lose—money refunded if not satisfied. Evans' Drug Store and druggists everywhere. A large box 50c.

The spectacle of a man with a future marrying a woman with a past is ever present.

GIVE THE HAIR THE FOOD IT NEEDS

Parisian Sage Soaks In At Once, Feeds, Cleanses and Makes Hair Grow.

What a delight to have a beautiful head of hair, soft, lustrous, abundant and free from dandruff.

Hair is a plant and your head is a garden—a little cultivation works wonders. If the hair is too dry it needs freshening up. If it begins to get thin it needs fertilizing.

Parisian Sage is a scientifically made preparation that gives the hair just what it lacks to make it soft, luxuriant, abundant and radiant with life. It removes dandruff immediately and cleanses the hair of dirt and excessive oils. It is perfectly harmless.

Parisian Sage is a tea-colored liquid—not sticky nor greasy—delicately perfumed, that comes in fifty-cent bottles at the druggists and toilet counters. The "girl" with the Auburn Hair" on the package.

The very first application will astonish you. If used daily for a week you will be delighted with the improvement it has made in your hair and scalp.

You run no risk, as Evans' Drug Store guarantees to refund the money if you are not perfectly satisfied—a safe offer on their part. Delighted users of Parisian Sage all over the country write us enthusiastically about it. They pronounce it a rare and wonderful hair dressing.

Y. W. C. A. NOTES

MISS HAZEL PETTINGELL, General Secretary of Y. W. C. A.

Miss Constance MacCorkle will be an over Sunday guest of the Association. Miss MacCorkle is the Field Secretary of Ohio and has a host of friends in Newark.

A special treat is in store for friends of the Association and the general public on next Tuesday evening. Miss Bessie Larkin will give one of her most talented recitals at the High School Auditorium, the proceeds to go toward sending delegates from the local Y. W. C. A. to the Geneva Conference in August. Tickets are 25 cents and may be had at the general office.

An unusual fine course of Bible Study lectures is being given on Tuesday evenings by Rev. Tullis of the Second Presbyterian church. The time of meeting is from seven to seven-thirty, leaving the evening free for other engagements. The subject of the course is "The Making of a Missionary," and there will be four more lessons. This class is open to all young women of the city. Come and help us fill the room on next Tuesday evening.

Girls: Come in and ask about the jolly glee club to be started next week. You don't have to be great singers to join.

Thirty-two girls attended the Helsey party at the Y. W. C. A. last Friday night. Every one reported a fine time and an enthusiasm for a club to be started in the near future.

All girls employed in the Cherry Factory are invited to the association on Friday evening for a good time. Games will be played and the work of the association explained.

Register now at the office for Cooking classes to be started the last of the month.

There will be no meeting at the building on Sunday afternoon of this week. The rooms will be open for any who care to come in. A program of special importance is being planned for the following Sunday, May 25th.

Don't forget the Bessie Larkin Musical at the High School Tuesday, May 29, at 8 p. m.

MERCURY BULBS AT LIGHT PLANT ARE SHORT LIVED

Mercury bulbs used at the municipal electric light plant are usually short lived but one has been in use continuously for 1123 hours and is still giving good service. The usual life of the bulbs is about 500 hours though some of them last but a few hours after being put into service. The original cost is \$30 with a rebate of \$5 for the return of the bulb after it is out of commission. The department has succeeded in arranging to pay for the bulbs according to the number of hours of service secured. It is unusual for one to give nearly 1200 hours of continuous service.

COSHOCTON, O., ELOPERS WERE MARRIED HERE

Announcement was made in the Advocate of Wednesday of the wedding of Miss Nellie Watkins and Mr. Clarence Chanz but it was not known then that the event was the culmination of an elopement of unusual romance.

The bride, who is but 16 years old, and the groom, age 21, ran away from Coshocton to come to Newark. The bride is the foster daughter of Mr. and Mrs. James Watkins of Coshocton. Her father, however, Mr. Sands resides in this city. Mr. and Mrs. Watkins are preparing to leave for Seattle, Wash., where they expect to make their future home. The bride did not wish to leave Coshocton and although she had celebrated her sixteenth birthday anniversary but last Sunday she planned with her sweetheart to elope to Newark.

They were married here Wednesday noon by Rev. L. C. Sparks, the girl's father assisting in obtaining the license. When they returned to Coshocton Wednesday evening an exciting scene resulted, the girl being met by her foster parents, who until she stepped from the train did not know she had been married.

The couple went to the home of the groom, in North Eighth street, Coshocton.

CORN GROWING CONTEST WILL BE COUNTY-WIDE EVENT--EIGHT FREE TRIPS TO WASHINGTON

With eight free trips to Washington assured and guaranteed by responsible business firms and individuals, officers and trustees of the Licking County Crop Improvement Society in a session held Wednesday afternoon voted to make the corn-growing contest a county-wide event instead of a sub-divided contest based on the township unit. The contest will be under state supervision according to rules and regulations announced by the state department of agriculture.

Another meeting of the society is set for Saturday, May 24 at 4 p. m. to receive reports of applications from trustees in the various parts of the county represented on the roll of the new organization.

The society feels that in view of the interest already manifested from several sections of the county, which has resulted in starts having been made in the contest by at least a dozen youths of which the society has been apprised indirectly and by perhaps as many more who have not yet made known their activity, it is thought it will be but a short time until Licking county has developed a competition unequalled by any county in the state.

The meeting of Wednesday afternoon was devoted chiefly to a general discussion of the best methods of bringing the corn-growing contest before the public, and it was decided that every member of the newly organized society should put forth special effort to interest the youth of his territory and make clear to the young country people the unusual opportunity that awaits them for an absolutely free educational trip to Washington with the prize winning corn growers from all over the state.

Members who have not been supplied with the formal application blanks which each contestant is required to fill out and submit to County Recorder J. M. Farmer, president of the society or to the state department of agriculture, before June 1, may obtain these forms from Mr.

LITTLE GIRL RUNS IN FRONT OF AUTOMOBILE

Knocked Down and Sustained a Broken
Leg—Getting Along Nicely
This Afternoon.

Annabelle Jones, the four-year-old daughter of Mr. and Mrs. James Jones of Wilson street, was struck by an automobile on Wednesday evening and her left leg broken.

The tiny tot had been playing at the home of a neighbor across the street from the parents' home in Wilson street. She suddenly tired of her play and jumping off the porch started across the street. Mr. Chas. Deurr, the Arcade florist, was driving his machine slowly down Wilson street, but the child did not look for the machine, but darted in front of it. Mr. Deurr swerved the machine quickly, almost overturning it. Had he not rapidly turned the machine it probably would have killed the child, but as it was the rear wheel ran over the left leg.

The driver stopped and assisted in carrying the child into her home. Dr. C. W. Sapp was called and an examination showed that the leg was broken just above the left ankle and that she had received several bruises. Today, however, the little patient is resting quite comfortably.

FRAZEYSBURG CITIZEN VICTIM OF PICKPOCKET

H. A. W. Kipp of Frazeysburg while on a business trip to Columbus yesterday, suffered the loss of his pocket-book containing \$50 in cash and more than \$100 in drafts and checks when his pocket was picked as he boarded a high street car.

Mr. Kipp sounded the alarm as the pocket-book was taken from his "pistol" pocket and the thief jumped from the car. A hundred or more people gave chase and for a time the young man eluded his pursuers by taking refuge in the basement of a building in East Gay street.

The fellow then joined the chase but he was recognized and after another exciting five minutes he was captured in Third street near Lynn alley. He gave his name as W. L. Lewis, 23, of New Orleans, enroute from Parkersburg, W. Va., to Toledo to meet his wife and child. He denied the theft of the pocket-book. He had only \$21 when captured but had ample time to make a getaway with the stolen pocket-book.

Mr. Kipp paid Clem Watzek \$10 reward for capturing the thief.

FOURTEEN KILLED

(Continued from page 1.)
night at 6 o'clock. The wind followed a violent hail and rain storm.

No one has yet been found who saw the funnel-shaped cloud or who knew what danger the unusual darkness of the late afternoon contained. Three persons were killed who had every opportunity to seek refuge in their cellars and half a dozen were injured who said that they could see no tornado approaching.

The dead: Mrs. William Hassinger, Mrs. G. W. Edmonds, Mrs. David Hoover, Samuel Crim, August Schultz, Emma Schultz, little daughter of August; Mrs. David Inlay, Mrs. C. W. Wasserman.

The city will clear its own streets, pay its own bills and will get along without state troops according to a statement issued today by Mayor Cahler.

Advices this morning from Tamora, Staplehurst, Waro, Bee, and Ulica, west of Seward, which were last night reported damaged by the tornado, say all those towns were out of the track of the storm. Wires to McCool Junction are still down and no direct reports have been received from there.

Pure food law advocates in Japan recently discovered that much rice was adulterated with quartz sand to increase its weight.
